AUTHOR INDEX

A

Ache, B. W. *See* McClintock and Ache.
Adams, B. A., and Beam, K. G. A novel calcium current in dysgenic skeletal muscle. 429.
Adorante, J. S. *See* Hughes, Adorante, Miller, and Lin.
Amador, M. *See* García, Amador, and Stefani.
Armstrong, C. M. *See* Cota and Armstrong.

B

Baines, A. D. *See* Fraser and Baines.
Barash, S. *See* Suss, Barash, Stavenga, Stieve, Selinger, and Minke.
Barnes, S., and Hille, B. Ionic channels of the inner segment of tiger salamander cone photoreceptors. 719.
Beam, K. G. *See* Adams and Beam.
Bean, B. P., and Rios, E. Nonlinear charge movement in mammalian cardiac ventricular cells. Components from Na and Ca channel gating. 65.
Bolaños, P. *See* Caputo and Bolaños.
Bonifazzi, C. *See* Rossi, Bonifazzi, Martini, and Fesce.
Borgese, F. *See* Motais, Borgese, Scheuring, and Garcia-Romeu.
Bownds, M. D. *See* Nicol and Bownds.

C

Caputo, C., and Bolaños, P. Effects of D-600 on intramembrane charge movement of polarized and depolarized frog muscle fibers. 43.
Chandler, W. K. *See* Hirota, Chandler, Southwick, and Waggoner.
Chappell, R. L. *See* Cornwall, Ripps, Chappell, and Jones.
Chua, M., and Dulhunty, A. F. Noninactivating tension in rat skeletal muscle. Effects of thyroid hormone. 183.
Ciani, S. *See* Ribalet, Ciani, and Eddlestone.
Cohen, C. J. *See* McCarthy and Cohen.
Cooper, E., and Shrier, A. Inactivation of A currents and A channels on rat nodose neurons in culture. 881.
Cornwall, M. C., Ripps, H., Chappell, R. L., and Jones, G. J. Membrane current responses of skate photoreceptors. 633.
Coronado, R. *See* Parent and Coronado.
Cota, G., and Armstrong, C. M. Sodium channel gating in clonal pituitary cells. The inactivation step is not voltage dependent. 213.
—, and Stefani, E. Voltage-dependent inactivation of slow calcium channels in intact twitch muscle fibers of the frog. 937.

D

Davis, A. O. *See* Simchowitz and Davis.
Duch, D. S., Recio-Pinto, E., Frenkel, C., Levinson, S. R., and Urban, B. W. Veratridine modification of the purified sodium channel α-polypeptide from eel electroplax. 813.
Dulhunty, A. F. *See* Chua and Dulhunty.

E

Eddlestone, G. T. *See* Ribalet, Ciani, and Eddlestone.
Eisenberg, R. S. *See* Tang, Wang, and Eisenberg.
Enroth-Cugell, Ch. *See* Troy and Enroth-Cugell.
Erxleben, C. Stretch-activated current through single ion channels in the abdominal stretch receptor organ of the crayfish. 1071.

F

Fein, A. *See* Payne and Fein.
Fesce, R. *See* Rossi, Bonifazzi, Martini, and Fesce.
Fitts, R. *See* Pizarro, Fitts, Uribe, and Ríos.
Francini, F., and Stefani, E. Decay of the slow calcium current in twitch muscle fibers of the frog is influenced by intracellular EGTA. 953.
Fraser, W. D., and Baines, A. D. Application of a fiber-matrix model to transport in renal tubules. 863.
Frenkel, C. *See* Duch, Recio-Pinto, Frenkel, Levinson, and Urban.

G

Gadsby, D. C., and Nakao, M. Steady-state current-voltage relationship of the Na/K pump in guinea pig ventricular myocytes. 511.
— *See* Nakao and Gadsby.
García, J., Amador, M., and Stefani, E. Relationship between myoplasmic calcium transients and calcium currents in frog skeletal muscle. 973.
Garcia-Romeu, F. *See* Motais, Borgese, Scheuring, and Garcia-Romeu.
Giebisch, G. *See* Horisberger and Giebisch.
Goldman, Y. E. *See* Horiuti, Somlyo, Goldman, and Somlyo.

H

Hartzell, H. C., and White, R. E. Effects of magnesium on inactivation of the voltage-gated calcium current in cardiac myocytes. 745.
Harvey, R. D., and Ten Eick, R. E. On the role of sodium ions in the regulation of the inward-rectifying potassium conductance in cat ventricular myocytes. 329.
—, and Ten Eick, R. E. Voltage-dependent block of cardiac

inward-rectifying potassium current by monovalent cations. 349.

Hess, P. *See* Pietrobon, Prod'hom, and Hess.

— *See* Prod'hom, Pietrobon, and Hess.

Hille, B. *See* Barnes and Hille.

Hirota, A., Chandler, W. K., Southwick, P. L., and Waggoner, A. S. Calcium signals recorded from two new purpurate indicators inside frog cut twitch fibers. 597.

Horisberger, J.-D., and Giebisch, G. Na-K pump current in the *Amphiuma* collecting tubule. 493.

Horiuti, K., Somlyo, A. V., Goldman, Y. E., and Somlyo, A. P. Kinetics of contraction initiated by flash photolysis of caged adenosine triphosphate in tonic and phasic smooth muscles. 769.

Horn, R. *See* Korn and Horn.

Hu, S. L., Yamamoto, Y., and Kao, C. Y. Permeation, selectivity, and blockade of the Ca^{2+}-activated potassium channel of the guinea pig taenia coli myocyte. 849.

—, **Yamamoto, Y., and Kao, C. Y.** The Ca^{2+}-activated K^+ channel and its functional roles in smooth muscle cells of guinea pig taenia coli. 833.
